Pathways to the United States

American Student Dental Association

- Getting Licensed in the United States – Tips for International Dental Students (link: <http://www.asdanet.org/tips-for-international-dental-students/>)
 - Determine the state(s) where you wish to obtain a license and contact the state board(s) of dentistry to obtain specific licensure requirements
 - Take the [NBDE Part I](#)
 - Apply to an accredited dental education program with advanced standing to earn a DDS or DMD degree
 - take the [NBDE Part II](#)
 - Complete a clinical licensing examination administered by a state or regional clinical testing agency

Pathways to the United States

American Dental Education Association

- **ADEA CAAPID**
2017 Application Cycle
March 1, 2016 - February 24, 2017

(Link: http://www.adea.org/dental_education_pathways/CAAPID/Pages/CAAPIDDirectory.aspx)

- Many U.S. and Canadian dental schools that offer advanced standing programs for international dental graduates participate in ADEA CAAPID. Listed below are the institutions that currently accept applications from international dental graduates through ADEA CAAPID. If a dental school that offers advanced standing admission is not listed below, you will need to contact that program directly for information about its admissions process.

ADEA CAAPID Application Deadlines & Requirements

- In addition to the CAAPID application requirements, most programs require:
 - English proficiency tests (TOEFL ibt preferred)
 - At least two letters of evaluation
 - Additional school fee

Pathways to the United States

American Dental Education Association

Institution	State	Deadline	NBDE 1	NBDE 2	ECE	WES
